**LEGALIZED
EUTHANASIA
WHAT NOW?**

CHARLES LEWIS

Charles Lewis is a veteran journalist with 33 years experience in the newspaper industry. For 15 years he was with the National Post, often covering religion. Since developing a severe spinal condition and living with excruciating pain on a daily basis, Lewis has spoken to over 40 Churches and groups about why legalized euthanasia is such a danger to Canada. Lewis believes those in the Church have yet to grasp the gravity of what is about to happen.
